

# Tana Roads & Bridges

Established in 2004, Tana Roads & Bridges, part of the Nobles Group family of companies, is a specialized company that provides services to the Infrastructure sector. The company was structured in a way that ensures the optimal use of its resources while being as flexible as possible to attain its goals.

## Mission

To advance the field of infrastructure by taking advantage of all available technical and industrial resources to execute its projects while performing at international and regional standards.

## Vision

At Tana our vision is to modernize the infrastructure field and introduce the latest technologies in engineering, planning, design, and construction of roads and bridges.

## Objectives

To optimally use our resources to execute infrastructure projects nation-wide and improve roads and bridges all over Sudan as well as the region.

## Technical Capabilities

1. Modernizing the Infrastructure sector

2. Development of roads and Bridges in Sudan.

3. Target the intentional market by developing innovative solutions.

4. Tana owns a fleet of specialized heavy machinery used in the construction of roads and bridges such as:

- Stone Crushers with a capacity of 100 cubic meters per hour, along with loaders, graders, rollers, diggers, and backhoe loaders.

- Asphalt mixers with a capacity of 150 tones per hour along with a complete asphalt crew.

- Mobile mixers and asphalt brushes.

# Tana Roads & Bridges
